NAKED GIRLS WITH SMALL BREASTS-Dave Naz 2019-11-15 In the era dominated by very big breasts, the book you are holding is a miracle. It is the result of a long and tenacious work, made in an unquenched quest for beauty and mammal shapes. Dave Naz is a natural small breasts enthusiast. In history of art, it was not only the Spanish writer and poet Roman Gomez de la Serna who asked himself: why have some women such little breasts? Amazons breasts, for instance, always raised a lot of questions. In the Middle Ages, paintings of the Virgin Mary often showed the Madonna with a very small bulging breast, a symbol of her beauty. Until the 17th century or so, western painting glorified women's physique with breasts like Reinette apples, always highlighted by low-cuts. White, small and spherical breasts were considered as the criteria number one to seduce. These breasts, said to be perfect, were actually called tits in the courteous tongue, an allusion to their smallness. Yet, etymologically, the word breast does not necessarily indicate anything big. On the contrary, the term comes from old Saxon briost, meaning bud. These photographs celebrate with passion the amazing diversity of small breasts. There is no pair like another. Each woman has a unique and original one. Conclusion: Women with small breasts can be beautiful and very erotic.

The Big Engine That Didn't-Gary Demasi 2009-09 In case you didn't notice.....ahem.....we are very near to Armageddon at the moment! This is not a coincidence---and it's not because of the government and the politicians. The spiritual Armageddon that we are near is because of our own actions; not because of anyone else's. The very core of America...the general population...now feed off of the "Malignant Menu"; which is all of the decadence, degeneracy, and depravity of Lucifer's Lighthouse (TV), the smut, porno, violence, the love and worship of money, fame, and glory---and the adoration of the Lords of Nothing; which are all of the fake idols that we worship that possess these things...all at the expense of the soldiers, Jesus, God, Himself, and anyone else that is a giver, and not a taker. The true gods of America now are money and power, and it is our demise. My books address our true problems and our true #1 nemesis of all time...America itself; in the fact that we are the only ones that can take us out of God's good graces. Unfortunately, most of us have done just that. Our lives have

become frivolous and superficial; with pathetic, vacuous, empty goals and priorities. What were supposed to be pastimes and diversions have now become the very core of our existence. Every day America loses more and more spirituality, as we move further and further away from God and his rule. We may have actually become Satan's favorite pet! Almost all of what we refer to as 'traditional American values' is nothing more than warped, skewed, and maligned systems that are about self-convenience and ego...including the worship of baseball players, movie stars, musicians, and basically, anyone else who has what we covet above all else; which is the cash and the fame. We've allowed all proper reference and reverence to be thrown away for our own gain, out of greed and selfishness. In my books I don't tell you what you want to hear....I tell you the hard facts, instead. I have the truth for...and you're not going to like it. Read on if you dare. I am presently 50 years old, and this is my third venture into writing. Believe it or not I was doing stand-up comedy and making people laugh. Now I may be making them cry! But, at that point I realized that we don't need another superficial entertainer. We need to be saved. About 99% of the rest of the authors in this country are doing nothing more than selling you 'Psychic Prozac'; which is all of the lies and fantasy that you gobble up about how great that you are individually, and as a nation. As long as they 'Get You Out of Dodge' they'll make money off of your weakness.....and they do, every day. I'm one of the very few people that are actually trying to fix the sad reality, instead of keeping you away from it, so that you don't have to face it. Pretty soon we won't have to face anything...except the wrath of God.

The Big Top on the Big Screen-Teresa Cutler-Broyles 2020-01-10 Circuses and film are a natural pairing, and the new essays making up this volume begin the exploration of how these two forms of entertainment have often worked together to create a spectacle of onscreen alchemy. The films discussed herein are an eclectic group, ranging from early silent comedies to animated, 21st century examples, in which circuses serve as liminal or carnivalesque spaces wherein characters--and by extension audience members--can confront issues as far-reaching as labor relations, sensuality, identity, ethics, and more. The circus as discussed in these essays encompasses the big top, the midway, the sideshow and the freak show; it becomes backdrop, character, catalyst and setting; and it is welcoming, malicious or terrifying. Circus performers are family, friends, foe or all of the above. And film is the medium that brings it all together. This volume starts the conversation about how circuses and film can combine to form productive, exciting spaces where almost anything can happen.

A Season of Reckoning-Jack Jenkins 2011-04-08 The light plane loaded with two million dollars worth of cocaine drifted through the night sky over the Chihuahuan desert searching for a lighted strip in the mountains near the Texas border. The pilot spotted the strip lined with crude lights. He made a low pass over the area, set the plane down and taxied to the end of the strip where two vans were located. He killed the engine and stepped out of the plane. Two men stood near his door. He saw the two men fall to the ground and then he fell to the ground - all three very dead. Several armed men dressed in black rushed the two vans. Within seconds, several men, again dressed in black, rushed the plane and removed the cocaine from the cargo area. Another man slid into the pilots seat, fired the engine up and flew the plane into Texas. Others in the dope cartel had been killed or captured in the little village of Santa Rosa on the Rio Grande, 18 miles south of the strip. These actions had been practiced many times. It was near the end of a carefully planned exercise to rid the village of the deadly cartel forever. It went like clockwork. The bad guys lose and the good guys win. Sam DeLeon had planned this, with a few of his friends from the agency they worked for, and the men of the village. Sam was retired from a big city P.D. in Texas and had fallen in love with a woman that lived in the village. The cartel people were very cruel to the villagers. Sam and his people put a stop to their activities in Santa Rosa. Further investigation revealed that there was more than dope on that plane, much more.

The Naked Nun, a Bigfoot Broke Her Backdoor-Ludwig Spunkel 2017-04-04 The naked Nun, A Bigfoot broke her BackdoorWarning: This is a story for ADULTS ONLY! It is definitely NOT for children, or angry religious people. This story is a serious work of social criticism that does involve the sexual arousal of the characters and may offend the readers, as it does describe sexual intercourse of various kind, that some may find objective, including such with mystical or extinct creatures. Violence(2/10) xxx(8/10)Summary: Demura, a young beautiful nun is called to meet Sister Angelica at a chapel in the woods, old legends tell of Bigfoots living in that wood, and Demura is soon to find that these legends are true, and moreover, that these Bigfoots are lusting for human women and know how to fulfil all her secret desires. A story filled with explicit erotic action unfolds.Contains: several Bigfoots and two virgin Nuns, engaging in all sorts of explicit descriptive intercourse that keeps the Sisters virginity intact.Reading sample:Angelica let the wet sponge slide over Sister Demura's immaculate skin, her thoughts went back to the moment she found her, she knew she would come, but didn't expect her to be introduced into the revelations of this place so early."Sister?" , she asked her, "Sister, Angelica?" she repeated,looking down, she realized that she had cupped her breast in her hand and was fondling her gently. Yet, she could not imagine what she would do with her. She stroked her wet and glistening skin, so white and pure, andfound herself wishing she could touch more of her. She helped her out of the tub and dried her off, "Now you are all clean again" she said, her eyes staring at her young pure body, the slim hips, the small triangle of hair in her loins, her thin waist and tiny budding breasts.She knelt down in front of her and caressed her skin slowly, touching and stroking her. "Do you want me?" she asked. ... Sethnerf looked onto the small open space behind the chapel, the laughter of women had drawn the bigfoot closer and awoken his curiosity. What he saw was the two most beautiful women he had ever seen, completely naked beside the chapel. And it was plainly clear what they where doing. The first girl was light skinned, very slim with budding breasts and slim hips and waist.Her hair was golden and even her pubic hair had this colour. She was laying down on her back spreading her legs wide apart. The other girl was kneeling between her legs licking her clit while teasing her ass and pussy with her fingers. Automatically Sethnerf hand wandered to his loins. Where the first girl was

an exotic young, slim beauty with golden hair and a petite figure, the second girl was short and curvy where a woman should be curvy with a nice belly and huge breasts, that stood up gravity defying with large nipples. Her buttocks were like 2 big juicy pears. Her skin was perfectly smooth without any marks or flaws. Her short hair was dark with a touch of violet. The elder girl was putting her tongue inside the younger girl's pussy and licked her. He went closer. The young girl was tensing her body, lifting up her sexy butt, thrashing in wild spasms, her face was a fascinating display of excitement and pleasure. She was moaning and screaming ecstatically. The girls did not seem to worry about anyone looking out for them, Sethnerf decided, that it was time to join in, he walked straight to the girls and grabbed the elder girl's buttock, she smiled at him, as he stretched her backside

Games Prisoners Play-Marek M. Kaminski 2010-10-24 On March 11, 1985, a van was pulled over in Warsaw for a routine traffic check that turned out to be anything but routine. Inside was Marek Kaminski, a Warsaw University student who also ran an underground press for Solidarity. The police discovered illegal books in the vehicle, and in a matter of hours five secret police escorted Kaminski to jail. A sociology and mathematics major one day, Kaminski was the next a political prisoner trying to adjust to a bizarre and dangerous new world. This remarkable book represents his

attempts to understand that world. As a coping strategy until he won his freedom half a year later by faking serious illness, Kaminski took clandestine notes on prison subculture. Much later, he discovered the key to unlocking that culture--game theory. Prison first appeared an irrational world of unpredictable violence and arbitrary codes of conduct. But as Kaminski shows in riveting detail, prisoners, to survive and prosper, have to master strategic decision-making. A clever move can shorten a sentence; a bad decision can lead to rape, beating, or social isolation. Much of the confusion in interpreting prison behavior, he argues, arises from a failure to understand that inmates are driven not by pathological emotion but by predictable and rational calculations. Kaminski presents unsparing accounts of initiation rituals, secret codes, caste structures, prison sex, self-injuries, and of the humor that makes this brutal world more bearable. This is a work of unusual power, originality, and eloquence, with implications for understanding human behavior far beyond the walls of one Polish prison.

A World Made Sexy-Paul Rutherford 2007 " Eroticism is a constant presence in modern society, encompassing almost every aspect of our daily lives. It is a product of one of the major commercial and political enterprises of the twentieth and twenty-first centuries: the cultivation of desire - desire for sex, desire for wealth, desire for entertainment. Paul Rutherford's *A World Made Sexy* looks at modern civilization's ongoing project to manufacture and encourage public wants, building a utopia where just about everyone (who is affluent) dreams, plays, and, of course, shops. *A World Made Sexy* uses museum exhibitions, art, books, magazines, films, and television to examine the rise and purpose of eroticism, first in America but soon across the affluent world. Starting with a brief foray into the representation of history as past pornography, Rutherford explores a sexual liberation movement shaped by the ideas of Marx and Freud, the erotic styles of Salvador Dali and pop art, the pioneering use of publicity as erotica by Playboy and other products, and the growing concerns of cultural critics over the emergence of a regime of stimulation. In one case study, Rutherford pairs James Bond and Madonna in order to examine the link between eroticism and aggression. He further details how television advertising after 1980 constructed a theatre of the libido to entice the buying public, and concludes by situating the Eros project in the wider context of Michel Foucault's account of the administration of life, and specifically sexuality, during the modern era. *A World Made Sexy* is about power and pleasure, emancipation and domination, and the relationship between the personal passions and social controls that have crafted desire. "

Fat Sex: New Directions in Theory and Activism-Helen Hester 2016-03-09 While fat sexual bodies are highly visible as vehicles for stigma, there has been a lack of scholarly research addressing this facet of contemporary body politics. *Fat Sex: New Directions in Theory and Activism* seeks to rectify this, bringing debates about fat sex into the academic arena and providing a much-needed critical space for voices from across the spectrum of theory and activism. It examines the intersection of fat, sex and sexuality within a contemporary cultural landscape that is openly hostile towards fat people and their perceived social and aesthetic transgressions. Acknowledging and engaging with some of the innovative work being done by artists, activists, and academics around the issue of fat sex, this collection both challenges preconceptions regarding fatness and sexuality, but also critiques and debates various aspects of the fat activist approach. It draws on a wide range of disciplinary perspectives, bringing together work from the UK, US, Europe, and Australia to offer a wide-ranging examination of the issues of size, sex, and sexuality. A cutting-edge exploration not only of fat sex, but of identity politics, neoliberalism and contemporary body activism in general, *Fat Sex: New Directions in Theory and Activism* will be of interest to scholars of sociology, cultural studies, geography, porn studies

and literary studies working on questions of gender, sexuality and the body.
